

## Master Dialler

Master Dialler allows the Exchequer Enterprise users to use automatic dialling, with any TAPI compliant phone system, from within Exchequer Enterprise Ledgers. Simply at a press of a button, the user is presented with a list of valid phone numbers to ring, for the currently selected account. Saving time and money.

## Phone Numbers

When activated it offers the user the choice of dialling the telephone numbers read from Customer/Supplier records. The Phone number can be placed in:

Customer Record - ABAP01, A B Applications Limited

Acc No. ABAP01 Alt Search Ref. ABAP01  
Company A B Applications Limited

Contact: Mr Thomas  
Address and Post Code: Russell Industrial Estate, Russell Road, Bristol, Avon, Po.Co BS1 5NH  
e-Mail: tthomas@abapplications.co.uk  
Telephone, Fax and Mobile: 0117 655 8799, 0117 655 8899, 07953 457821

Status: Payment Terms 30 days, Oldest Debt 176 weeks  
This Period 0.00, This YTD 905.66, Last YTD 32,042.76  
Balance 1,064.16  
Cr. Limit 10,000.00  
Committed 4,556.48  
Credit Available 4,379.36

Phone 1  
Phone 2  
Fax

But can also detect phone numbers in:

Customer Record - ABAP01, A B Applications Limited

Acc No. ABAP01 Alt Search Ref. ABAP01  
Company A B Applications Limited

User field 1-4 if prefixed with "T."  
Trading Terms if prefixed with "T."

This allows additional phone numbers to be entered.

## Customer/Supplier General/Dated Notes

If you have the COM Toolkit unlocked additional numbers can be added to the General/Dated Notes of the Customer/Supplier record:

☞ This functionality requires the COM Toolkit to be unlocked.

## Activation Points

The dialler can be activated from:

- Customer/Supplier Ledger
- Sales/Purchase Ledger
- Within a Transaction

## Requirements

TAPI compliant phone interface

Exchequer Enterprise V5+

COM Toolkit unlocked to use phone numbers in Customer/Supplier notes

## Installation

Copy the Dialler.exe and Msvbvm60.dll to the Enterprise directory, from the Dialler zip file.

Then copy ENTCUSTM.INI to the Enterprise directory if it is not already there, otherwise edit the existing one to contain:

```
[COMClients]
l="d:\Entrprse\Dialler.exe"
;Edit the above line to run Dialler.exe
```

This will make Enterprise start Dialler.exe from the Enterprise Directory.

When enabled it will ask for registration details if not the "Electric 'R' Us" company. Please ring Comtek Accounts on 01945 464854 for registration.
